

Christ Church, Rayleigh (CC) and the Bridgwater Drive Church (BDC)

NEWS & CHAT Thursday 19 August 2021

Welcome to the joint weekly newsletter of Christ Church and the Bridgwater Drive Church.

The online service will remain 'joint' while each church has its own service as pre-pandemic. For the foreseeable future, the online service will be live-streamed from the church where the minister is leading, but always on the Christ Church Facebook page.

I think I no longer need to include all the post-19 July Covid advice. Please remember that:

Face coverings are no longer mandatory (except when singing), but are **strongly recommended**

Sunday 22 Aug: the Minister at Bridgwater Drive (Communion), followed by AGM
Ian Miller at Christ Church

A reminder that Sun Aug 29th, Climate Sunday, is a JOINT service at Christ Church, at 11 a.m. café style followed by a vegetarian lunch. For catering, please let Jean know if you are planning to attend, or sign the sheet at church. We will be seated around tables of 4 for the whole service, so if possible try to sit with people you are in a 'bubble' with or who you see regularly. If you don't feel comfortable sitting round a table, there will be chairs set out along the sides. As a one-off, we will listen to relevant music that day, rather than sing. (ie we will NOT be singing seated round tables facing each other!)

A reminder of the Quiz Night this Saturday, 21 August, 7 for a 7.30pm start. Tables of 6. £6 per person. Still just about time to book – please contact Janine on 01702 511861

Auction of Promises – this is fast approaching (12 September) and we only have a handful of promises! Preceded by a bring-and-share lunch.

What is the Auction of Promises? I'm sure you remember from previous years, this is a fun way to raise funds for the church. Instead of goods you promise your time, labour and talents. e.g bake a cake, clean an oven, walk a dog, invite people for a meal, give a lift to the airport etc. **Please contact Janine on 01702 511861, 07719892728, or janinedanes@talktalk.net with your promises. The cut-off date is Sunday 29th August to give time for the catalogue to be compiled**

Needles and Natter

Over the past year we have continued to make articles for the Seafarers Mission, Christian Hope International, Age UK, the dementia ward at Southend Hospital as well as angels and crosses for distribution when needed. Currently we are making hearts for patients in ICU as well as articles for our families. New members have been welcomed since we have been meeting face to face and we look forward to more joining with us. **Our next meetings are Thursday 26th August and Thursday 9th September.** Joyce

Sun 5 Sept. 3pm Service of Thanksgiving for church members who have died during 2020 and 2021 and so were unable to have a service of thanksgiving at the church. The service will be followed by refreshments (tea & cake). Family members have now been contacted and there will be plenty of room for members of the congregation, so please put this in your diaries. No need to book a place, though if you plan to attend please let Jean know for catering purposes.

The CC Church Meeting of 21 July, discussed the time Sunday Worship should start and agreed to do a **trial period of starting at 10.30am from 5 Sept. to 7 Nov.** inclusive, and to discuss the matter again at the Church Meeting on 7 Nov. (now normally on the 1st Sunday of alternate months going forward).

The **September Church Meeting will take place after worship on Sunday 19 September** (the 1st Sunday already had a clash) and will mostly be a presentation of the plans for the building project with the architect Cliff Pattern. **Please try to keep this date free for this important meeting.** Although it will be a communion service, I will keep it short, so that we can start promptly at 11.30am and aim to finish by 1pm.

Christ Church, Rayleigh (CC) and the Bridgwater Drive Church (BDC)

A BIG THANK YOU to everyone who came to the **Art Exhibition** and to all who helped out, especially – Sandy, Janine, Claudia, Pat, Di and Jean. And the artists who donated work – Naomi, Anna P, Annie Brown, Gwyneth D, Joan Wilson, Penny (some of her father's work). **We raised £1,166 for the building project.**

There is still plenty of art left to do another similar event, and we would like to include craft in the next one, so if you have any craft you have made you would be willing to donate, please talk to Naomi and we can work out details for an event later in the year.

THANKS to the donation of a bookshelf from Della, the church **BOOK SWOP** is now in operation. Please leave any books you would like to donate at the back of the church, or on the bookshelf.

FUTURE EVENTS – hold the dates, more information will follow nearer the time:

- Sat 18 Sept. 1st new Children's Club
- Sat 18 Sept – 'More Tea Vicar' – open day event 1-5pm and Sunday

Church groups (Needles, Taize, Space for Prayer, Concord...) please be putting together information/posters/displays you would like at the Open Day – Naomi will be in touch soon.

TIPS & IDEAS

At the Art Exhibition, a few people said to me 'I can't draw' or 'I'm no good at art' so this week's suggestion from #64MillionArtists is perfect – anyone, with or without any artistic talent can do this one!

Choose a pen, pencil, paintbrush - anything you can make a mark with. Let your chosen implement run free on the page, don't think too much about the result, just create!

You could try closing your eyes for an extra element of surprise. **Once you have completed your freestyle drawing, can you find a picture, shape or pattern within it?** Take another colour or bold marker and add to the drawing your new findings!

Or, you could simply colour in the shapes you have created.

This week the seventh item from the **9 things you can do about climate change –**

7. Invest your money wisely

Find out where your money goes. Voice your concerns about responsible investment by writing to your bank or pension provider, and ask if you can opt out of funds investing in fossil fuels. There are also a number of 'ethical banks' you can investigate. Even if you don't have savings, most of us will have a bank account.

Banks, pensions funds and big corporates often hold investments in fossil fuel companies. However, the discussion around responsible investment – weighing up environmental, social and governance (ESG) factors and taking them into consideration when investing money – is growing. The URC and most Synods, including our Synod (Eastern) have divested from anything related to fossil fuels.

Christ Church, Rayleigh (CC) and the Bridgwater Drive Church (BDC)

PRAYER CORNER

I invite all of you to set aside time daily to pray for our churches and members but also for the whole nation and world. This week we pray especially for the Bridgwater Drive Church as they hold their AGM and elect elders.

This week's prayer theme (prepared by Gwyneth). **Community**. Please pray for discernment and unity of vision for us and our church people to decide and decipher the shape of community the Lord has for us to be post-Covid, in and from Christ Church Rayleigh and BDC.

Particular prayer requests this week:

Audrey	Faye – daughter of Penny and Phil's friend.
Brian, Jenny C's brother	Peter C
Tim, Bob W's nephew	Gill M.
Bill & Beth	Sheila S
Grace & Phil	Della
Di's nephew, Bobby	

Street Pastors - out on patrol each Friday evening/night and Saturday afternoon.

Budiriro, especially following the death of one of their members.

As you know, Della is now living at Brooklands. She has a mobile phone and would enjoy a chat. Tel. (07440) 225466. She plans to have it switched on from 9 - 10 a.m. and from 7:30 - 9 p.m. Della would also be pleased to see anyone who could visit. Please book this with a member of staff Tel. (01702) 525375 Brooklands, 25, Lambeth Road, Eastwood, SS9 5XR

MISC. ANNOUNCEMENTS

I have a Tomtom satnav available for anyone who is in need. It's a Start 25 model and is free! Contact Phil Gendall on 01268 750324

If anyone would like any cleaning or ironing doing, please contact Claudia on 07432 461452

ARTISTS: There will be an art show at Hullbridge Community Centre on Sunday 26th Sept. 10am-4pm People can exhibit up to 6 pieces at £2 per picture and the organisers take 10% of any sales to cover hall hire. If you are interested in sending art contact Trevor at bavtar@aol.com (Trevor and Lynne came to our art exhibition and spoke to Naomi)

If you would like to make a banner or poster for Climate Sunday please do so and bring it with you to worship on the 29th!

If you have any spare wooden poles/old fabric (to make a banner) please contact Naomi ASAP!!

ECO RESTORATION: FARMLANDS & GRASSLANDS

(Taken from UN Eco Restoration Project 2021)

Farmlands and grasslands are perhaps our most vital ecosystems. As well as supplying food, fodder, and fibre, arable fields and grazing land host a bewildering variety of organisms from bats and birds to beetles and worms as well as considerable tree cover. Marked by centuries of human effort and ingenuity, these ecosystems are cultural treasures whose protection makes spiritual as well as economic sense.

Yet the way we are using many of these lands is exhausting their vitality. Intensive ploughing and monocultures, overgrazing and the removal of hedges and trees are degrading precious soil and vegetation. Excess agrochemicals are polluting waterways and harming wildlife, including bees that pollinate crops.

We can restore rural ecosystems by using nature to boost farm productivity and soil health and improve how they manage the land. Here are some of the options for farmers and livestock keepers.

Invest in nature: Reduce tillage and use natural pest control and organic fertilizer on arable land to build the health of your soil and the yields of your crops while reducing erosion and the need for farm chemicals.

Trust in diversity: Grow more trees and a greater variety of crops and integrate them with livestock keeping to further boost soil health, diversify your income and provide better wildlife habitat. Planting flowers along the borders of farmlands can provide valuable "feeding stations" for bees and other pollinators.

Keep grasslands whole: In extensive grasslands and savannahs, protect areas along rivers where nutrients are high from being converted to cropland. Without them, less productive areas are harder to use sustainably.

Graze sustainably: Agree on grazing regimes that prevent overuse, soil erosion and invasions of grasslands by shrubs and alien species. Restore already degraded areas by clearing woody vegetation and re-seeding native grasses.

Bring back indigenous species: Reintroduce eradicated plants, trees and animals and protect them from predation and hunting until they are established.
